

Premium Select WP4

Thickness: 1"
Width: 4", 6"
Lengths: 8' - 20"

Looking for a high-quality lumber soffit for your next building project?

- Dakeryn Premium Select WP4 siding is an industry leader for SPF (Lodgepole Pine) soffit.
- Dak Siding is manufactured using hand selected J-Grade (Japan grade), the highest grade of dimension lumber. Hand selecting assures our finished product has no holes, wane, or loose knots.
- The WP4 pattern stock is light weight and easy to install using the tongue and groove profile.
- **Available in a natural or factory primed finish**, Dak Siding is ready to be customized to meet your project requirements.
- When you use Dak siding, you can expect a seamless fit and a natural wood finish that will enhance the beauty of any home or building.

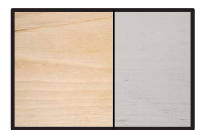

DAK SIDING

Recognized across North America as an exceptional product in terms of quality, consistency and value.
